GREAT CROWDS FOR GERMAN DAY

Delegates Expected from All Large Cities of the East.

MAYOR MCCARTHY IS GOING

Gesangverein's Final Rehearsal To-Night—Singing to Be a Feature.

Final plans for the celebration of German Day to-morrow at the Jamestown Exposition have been completed by the arrangement committee of the German-American Association of Virginia, and the prospects are that the occasion will be one of the most important and most enthusiastic assemblages of the sons of the Fatherland and their descendants ever witnessed on American shores. At least a thousand Germans will go down from Richmond besides a large number of American friends, and delegations from Baltimore, Philadelphia, New York and cities as far West as San Francisco will be present, thus making the gathering one of marked interest and importance. Mayor McCarthy is going to accept an invitation to be among the speakers.

Notable Features. The Gesangverein-Virginia had a well attended rehearsal Monday night at Sanger Hall, and it will meet again tonight. The Gesangverein will go in a body, and will be distinguished from the various other singing societies by their white caps. The committee on arrangements request that all who attend from Richmond wear these white caps. Badges will be distributed to all participants at the trains in the morning.

A mass-meeting of the German-American Association will be held at 8 o'clock to-morrow, and the Richmond association also extends a hearty invitation to all to take part, so that the capital city may be creditably represented.

One of the greatest features of the day will be the singing of the societies, and they have been much advertised in regard to this feature. The following gentlemen compose the committee of arrangements, who will be pleased to give detailed information in regard to the celebration:

- The following is the program:
1. Overture, orchestra.
 2. "Das Deutschland." Gesangverein-Virginia.
 3. "Deutschlands Ansprache." Hon. St. George Tucker, president Jamestown Exposition.
 4. "Deutschlands Ansprache." Hon. Charles W. Kohlrausch, general commissioner Jamestown Exposition.
 5. "Die Wacht am Rhein." Massen Chor.
 6. "Die Wacht am Rhein." Massen Chor.
 7. "Die Wacht am Rhein." Massen Chor.
 8. "Die Wacht am Rhein." Massen Chor.
 9. "Die Wacht am Rhein." Massen Chor.
 10. "Die Wacht am Rhein." Massen Chor.

Railroad Schedule. Professor Ernest C. Cosby, of this city, will play the organ accompaniment. The celebration starts at 2 o'clock in the afternoon. Professor Jacob Reinhardt is first director, and Jacob Reinhardt is first president.

"Richmonders will wear white caps, and will be given badges bearing the words, 'Richmond, Deutsche Tag.'" The following is the railroad schedule for the day:

Chesapeake and Ohio trains leave Richmond (Fifteenth and Main Streets Station), Thursday, August 1st, as follows:

Six o'clock A. M., 7:30 o'clock A. M. (special), 8 o'clock A. M. (special). The 7:30 special is intended for the Germans and will be a 200-foot stable.

The return trains leave the exposition place as follows: 4:45 o'clock P. M., 7:45 o'clock P. M., 9:10 o'clock P. M.

IN FEDERAL BUILDING. Postmaster Cabell Returns After Brief Vacation.

Postmaster Royal E. Cabell returned yesterday from a brief vacation trip to his home in Nelson county.

Deputy Clerk Claude M. Dean, of the United States Circuit Court, is spending his vacation at Atlantic City, and will be absent from his office until about the middle of August. Clerk Henry T. Meloney expects to go away for an extended vacation after Mr. Dean returns.

The offices on the second floor of the Federal Building, recently vacated by the commissioner of revenue, are being thoroughly overhauled, and new radiators are being placed throughout the building. The improvements will all be completed before the vacation season ends.

PRESENT LOVING CUP TO COHEN BROTHERS

On the fifth anniversary of their business, on Monday, Mrs. S. Samuel and Isaac Cohen, of the Cohen Company, were presented with a handsome silver and gold loving cup by the employees of the establishment as a token of their esteem and affection.

pecting proprietors were invited. After a little preliminary, and a speech by Mr. W. A. Cosby, superintendent of the store, Mr. William Reinhardt delivered the presentation address. The address, Cohen was much pleased and surprised at this manifestation of their employees' affection, and they responded in a most gratifying manner. The ceremony was followed by refreshments, and a musical entertainment.

On the front of the loving cup was engraved a portrait of Mr. Levi Cohen, founder of the business, and father of the present proprietors. On the reverse side was the following inscription:

1857 1907

Isaac Cohen and Samuel Cohen Presented by their employees As a token of their affection and esteem, and to commemorate the fifth anniversary of their business.

VARIETY OF WEAPONS. Water Keg, Meat Hook and Hatchet Come Into Play.

James Johnson yesterday got into a difficult predicament, and, after a long and hard struggle, he was able to extricate himself. He was charged with carrying a variety of weapons, including a water keg, a meat hook, and a hatchet.

BELIEVE THEY HAVE YARNED BIG CROOK

W. H. Williams (colored) was put under bond of \$500 for good behavior, and during the altercation resorted to the nearest weapon he could lay his hands on, which happened to be a meat hook.

The real charge against Williams was entering the home of William Bellwood, and taking a ring and a Bohemian glass clock therefrom and a small sum of money. The negro was charged with the theft of a ring and a Bohemian glass clock, and a small sum of money.

The police are anxious to find the owner of the ring, as they believe that it will help them in the past history of the mug, which was seen in the police headquarters.

Mr. F. L. Leary, endorsed the recommendations of Mr. Scott as to forming an association. "The time is coming," said Mr. Leary, "when the milk producers will be able to take care of their own business, and will not require any outside help."

Mr. Bellwood also spoke on the probable introduction of a tuberculosis test. "It is time we were getting together," he said, "and standing together, and working together. We must have an organization, with fees and a legal adviser. It is not the wish of any dairyman to be a member of a tuberculosis test, but it is the wish of the public to have a pure milk supply."

ALLEGED PLANS TO BREAK CONTRACT

Interesting Developments Expected in Matter of Furniture for the Schools.

The contract of the State Board of Education with the Virginia School Supply Company to furnish the school desks of the American Seating Company for exclusive use in the public schools of Virginia for the next two years, promises to have interesting developments.

At a meeting of the A. H. Andrews Company, of Chicago, which has made what it claims is a contract with the Norfolk School Board, to furnish school furniture, it was decided to sue the Virginia School Supply Company for breach of contract.

WRIT OF HABEAS CORPUS NOT ORDERED YET

Clerk Williams Hasn't Heard from Senator Machen As to Defects in Record.

Senator Machen did not communicate with Clerk Williams, of the House of Delegates, yesterday regarding publication of the acts passed by the General Assembly affecting amendments to the Constitution in the matter of the ninety-day session of the Legislature. The failure of the Senate to spread upon its minutes the full text of the resolutions makes them void, in the opinion of Attorney-General Anderson, and the clerk has been advised officially not to print them unless compelled to do so by writ of mandamus.

It was expected that steps would be taken yesterday looking to this end, as the clerk must proceed not later than Sunday morning.

What Cardwell Thinks. Speaker W. D. Cardwell, in a communication to Mr. Williams yesterday, took the ground that the ruling of the Attorney-General should be followed, and advising him not to proceed. Mr. H. T. Wickham, president pro tempore of the Senate, declined to instruct the clerk, for the reason, as he stated, that he had no authority. He was clearly of the opinion, however, that the Attorney-General was the proper officer to pass judgment.

Timber Being Razed. The report of the Commission of Labor, which is now being compiled, will go to the printers in October, and will contain a report on the development and industrial growth of Virginia. Commissioner Doherty is not prepared to give an itemized statement concerning the business of the Commonwealth. He has found, however, that there is a large increase in the number of sawmills, which indicates that the lumber industry is rapidly extending in many sections where timber is available. The thought has suggested to the department, however, that the lumber industry is rapidly extending in many sections where timber is available. The thought has suggested to the department, however, that the lumber industry is rapidly extending in many sections where timber is available.

Attorney-General Aways. Assistant Attorney-General Catlett will return to the city to-day or to-morrow from his home in Lexington, where he has been recuperating from his recent illness.

Attorney-General Anderson went yesterday to Jamestown Island, where he received the license for a final vote on the Ellett resolution to-night, as it is desired to have another meeting at which the liquor people and the friends of high license may be given an opportunity to speak for and against the measure.

Was Mistaken FOR A BURGLAR

Mistaking his brother-in-law, B. I. Faircloth, for a would-be burglar, Policeman Jones about 11 o'clock last night shot him in the latter's own yard, at 1713 Washington Street, where he was sitting on a bench. NEWS GATHERED FROM SOUTHSIDE

Health Committee Takes Step Toward Having Crematory in This City.

SAYS IT IS A NECESSITY

At the meeting of the Health Committee held last night a committee was appointed to act jointly with a committee from the Board of Health to secure the establishment of a crematory in this city.

This is something that has been wanted here for years, and is regarded as a necessary step in the improvement of the city. More than once the city scavenger has been hauled up, charged with dumping dead animals in the streets, and the city has been obliged to look after the matter. The citizens believe that the Council should act favorably on any recommendation that will help to improve the city along this line. The committee transacted business of minor importance.

Some Other Meetings. The meeting of the Board of Fire Commissioners held last night was of little interest, and only routine business was transacted. The Fire Committee met and granted a few permits for building.

The meeting of the Almshouse Committee, called last night, was held with Subchairman Adkins in the chair. The report of the committee was read, and other routine business transacted.
